July - November

We hunt in various hunting areas on the high Caucasian which is circa 300 km from Baku on the border Dagestan. The hunting takes place on altitude of 9000 to 10.000 feet in the hunting area in the flying camp. Hunting is by stalking or small drives. On the part of the hunting area it is possible to use horses. This area has the biggest sub specie of Caucasian / Dagestan Tur with very nice and big trophy. On the lower areas of 6000 - 7000 feet we have Caucasian chamois,

wild boar and rarely it is possible to spot bear as well. Accommodation is in tents and hunters are required to bring a sleeping bag. Local cook prepares the meals.

For this hunt very good physical condition is needed.
