

HUNT IN EUROPE.com

Your hunting specialist

- NEW ZEALAND - Southern Island

March - July

New Zealand is a country with excellent possibilities for hunting introduced animals: Deer, Fallow Deer, Chamois And Tahr. Trophies are very big, especially those of Deer and Chamois, as well as the trophies of Himalayan Tahr.

Deer is hunted by stalking. There is a high density of animals, which allows the choice of a gold medal trophy, Tahr and Chamois are hunted in high mountains in the New Zealand Alps. This hunt can be done on foot but the use of a helicopter is recommended.

Accommodation is in very comfortable lodges of the professional guides. Transport by a 4WD vehicle from the airport of Queenstown is included in the price.
