

MILITARY SHOOTING IN SERBIA

We organize shooting with military weapons, as per list indicated hereunder, on the military range in Cacak, approximately 200km from Belgrade in Serbia. The program consists of 7 days shooting with different weapons and various distances, up to 1.000 meters, during which every participant will fire 7.432 rounds, calibers indicated further in the text.

Lodging will be provided in a local hotel close to the military shooting range. Participants can carry on shooting until late night and there is the possibility of adding other heavy military weapons (several cannons) and ammunition (special arrangements).

The program is organized from May through October for groups of minimum 7 and maximum 12 participants, who will be assisted by professional instructors and local military gunsmiths.
